Prez letter:

We're officially in meteorological summer now and show season -- both riding and driving -- is in full swing! I'm recovering from my

first dressage show (thanks Linda Fidler for going and taking pictures!) and thinking about my next. The FVSA Driving Days and HUB Club Dirty Harness Day on Saturday July 15 and Sunday July 16 are also squarely in my sights. And, special treat for HUB Club members, if you want to meet my husband (yes, he does exist!) he'll be coming to the show on the 16th for a rare, public appearance -- he'll be the one with the goatee (+/- beads), tattoos, shiny red racecar, but no snakes (I told him to leave them at home).

. Yours Truly, **Dr. Lydia Gray**

This is the link to the Hub Club Library – out on Dropbox. For those unfamiliar, Dropbox is a free computer app. that allows files to be shared on the internet. Anyone clicking on this link will get the excel spreadsheet with the most updated library on it. This link to a dropbox HUB Club folder, contains the library spreadsheet but also a number of ADS forms, event packing lists, scans of the articles that were copied as pages in the library, etc. I don't know if we plan to put the articles onto the website or the packing list or other forms. CDE entry form, cones scoring forms, etc.

Anything else anyone things should go into this folder and we can share with members and they can read the heavier articles direct from the link without having to save or download to print. would like to remind everyone that we

now have a mail out and back program.

If you want to check something out from the library you contact [Leslye Sandberg](#)

leslyesandberg@gmail.com and include your mailing address. The item will be mailed to you. We ask that you return the item in a timely manner in the preaddressed envelope that will come with it. You will have to pay the return postage. In upcoming issues I will be showcasing some of the new additions. And again I ask for your suggestions for items to add to the library. Note that any horsey movies or videos you have that you no longer want or need, can be donated to the library as well.

Columbus Carriage Festival

Columbus Carriage Festival returned to Father's Day weekend in Columbus, Wis. this year. Fifty-seven turnouts from several Midwestern states competed in nine divisions. Quite a few drivers new to ADS pleasure shows were welcomed by more seasoned drivers. Marsha Himler was TD, while Jessica Axelson and Dana Bright judged. New management this year kept the show running smoothly and added a few new activities. Tours of the historic Pavilion, the show, and stabling area were led by Sara Harn. Dave Kluge was head of the grounds crew and set-up. Heather Kueni and Michele Harn were co-chairs, Rachel Meek ran the office, and Ariel Baesman rounded up an excellent volunteer crew. Laura Westenkircher loaned her talent in graphic design to the prize list and show program. CCF is always a great way to kick off the show season! Full results can be found on the website www.columbuscarriagefestival.org or on Facebook.

Drive On!

A program for non-competitive drivers

Who Can Join? The *Drive On!* program is open to anyone who drives their equine for pleasure.

You must be a HUB Club member. You must pay an individual lifetime recording fee of \$20 that provides you with an official log sheet to get started.

What Hours Count? Record the time you spend driving your equines in a non-competitive setting.

Hours include: Pleasure Trail Drives, long lining, lessons, practice time, and so on. Time on non-competitive group trail drives.

Time spent showing, grooming, and on competitive drives does **NOT COUNT**.

Awards: As you accrue hours, special certificates, and gifts are awarded.

Certificates are given after logging 50, 75, 150, 300, 500, 750, 1000, 2000, 3000, and 5000 hours with your equine.

Guidelines:

1. Horses must be owned/ leased by the HUB Club member submitting points.
2. Drivers must be HUB Club members for each year hours are logged.
3. You must pay a one-time \$20 enrollment fee.
4. The equines names must be included on your log sheet.
5. Once you are registered in the program, there is no limit to the amount of time taken to achieve award hours.
6. More than one equine may be driven for overall hours.
- 7. The HUB Club will accept results only on official club or ADS Hours to Drive log sheets and submitted by December 1th of each year.**
8. Awards are based on hours logged.

HUB CLUB YEAR END HIGH POINT GENERAL GUIDELINES

To be eligible for these awards, horses must be owned/ leased by the HUB Club member making the entries. All riders or drivers of the horse(s) must be current HUB Club members. To be eligible for awards, the submitting member must have been in attendance at one HUB Club meeting during the **competition year**, which shall be from **December 1st to November 30th** of each year.

A nomination fee of \$10 per division (horse or exhibitor) must be paid before any points will be counted. Results must be submitted on the appropriate entry forms, along with appropriate documentations for each division, by **December 1st** of the competition year. Entry forms may be duplicated by the participants. The Hub Club will not accept event results from prior years or incomplete entry forms. A copy of the prize list or program from each show/ competition entered must be submitted with your competition entry. To ensure a level playing field for all participants, a show prize list must include: rules and class specifications, dates, times, names of judges/officials and show secretary name and contact information, fees (entry fees, late fees, stall fees, etc.) and prizes. Please attach each prize list to the entry sheet for that show. Results may be audited and proof of placings may be required. If there is a significant difference between the number of points reported by the owner and the results reported by the show secretary, the entry will not be accepted and the horse will not be eligible for the program the following year. All decisions by the HUB Club are final. All high point records are available to any HUB Club member upon request.

No year-end points will be awarded to any horse that does not meet the age requirements for competition as defined by the American Driving Society or the United States Equestrian Federation. Club or show year-end awards will not count.

The High Point System is broken into two divisions: Carriage Pleasure and Combined Driving.

A. Carriage Pleasure Shows

All driving classes in rated and unrated pleasure shows count towards the high point. Championship classes will count double. Shows using multiple judges/points will only count for one set of points. Exhibitors may use the highest placing for their points. Overall show championship awards that are based on an accumulation of points will receive 10 points for champion and 5 points for reserve champion if they are specific to a division. Table A is used to tally points in carriage pleasure shows.

Table A: Carriage Pleasure Driving

Placing	1st	2nd	3rd	4th	5 th	6 th	Participation
Points	7	6	5	4	3	2	1

B. Combined Driving Events

A carriage year-end award is presented at CDEs, ADTs, HDTs and combined tests where each phase (dressage, marathon, and timed obstacles) is considered a class, and the final placing is also counted as a class. For shows to be counted in the CDE division, the show prize list must designate the competition as a CDE, driving trial, arena trial, or driving test. Shows without this designation will be counted in the Carriage Pleasure division. An entry in this division shall be defined as a particular driver/ equine combination. Competitors receive points for each phase (dressage, cones, and marathon) and points are accrued in the overall placing of the event. Division Champions will be awarded 10 points and 5 points for Reserve Champion. Table B is used to tally points in Combined Driving Events.

Tick Talk

It's only June and I have had three ticks manage to connect with skin so far. Ticks are arachnids – think spider – not insects. This makes finding a tick dug into my skin a particularly repulsive experience for me.

A recent Chicago Tribune news article indicates that, thanks to our mild winter, there will be a bumper crop of ticks this year. When you think of tick-borne diseases you probably think primarily of Lyme Disease, or Rocky Mountain Spotted Fever. Now, to add to the concerns, there is a new tick-borne illness called Powassan. It's a rare disease but is spreading, primarily in the Great Lakes region and the Northeast. There is no vaccine for the disease. Symptoms can include fever, headache, vomiting, weakness, confusion, seizures and memory loss. There is no specific treatment and encephalitis can result from the disease. To avoid ticks, stay away from tall grass and dense vegetation, tuck in shirts and pull socks up over the ends of your jeans. Wear a hat or tie up hair in a bandanna. Ticks sometimes drop out of trees in my experience. Use a 20% DEET repellent. When you come indoors check clothing carefully, brush out your hair, shower as soon as possible and remove any attached ticks immediately. Be careful, if you bring one indoors it can live for months and find you or your pets later. Wash clothes in hot water and tumble dry 60 minutes on high heat or 90 minutes on low heat. Check your horses daily and remove any tick you find immediately. Ticks will look for a sheltered, soft spot to attach to your horse- check throatlatch, ears, belly, under the tail, around the udder. However don't neglect the rest of the horse. I once found a round dime size hole in my horse's side where a tick bite had caused her body to slough infected tissue.

Use a pair of tweezers to remove the tick. Don't apply oil or Vaseline or burn the tick with a match. These methods will cause the tick to regurgitate blood back into you or your horse and with it, whatever disease the tick is carrying.

Grab the tick by the head with your tweezers, where it enters the skin and pull firmly and steadily, but not enough to tear the tick and separate it from its mouthparts, which under your skin. It may take a few minutes but usually the tick will let go. There are specialized tick removal gadgets on the market as well if you want to try those. Clean and apply antibiotic ointment. If you leave mouthparts in the skin, the chance of infection is higher so watch the site of the bite. After removal, kill the tick by immersion in rubbing alcohol and leave it there forever.

The above information is from the Chicago Tribune and Drs. Foster and Smith web site. The link to Drs. F&S is below, but there is a wealth of tick information on other sites as well if you do a simple search. Let's be careful out there.

For sale:

We bought this vehicle new and used it much less than anticipated—maybe 10 outings. It has a pole and shafts. I'm not sure of the weight but have driven it single with the off horse, a Belgian thoroughbred cross. The brake is in the center of the floor so it can be driven easily from either traditional or traffic position and it rolls quite freely.

It's well sprung and rides quite comfortably over uneven ground as well as roads. Pictures don't show the color well—the frame and gear are all a

beautiful shade of bottle or hunter green and the woodwork is light varnished wood. Its been used for a wedding supper, an HDT, a couple of Pleasure Driving classes and three club pleasure drives. I am asking \$2,600. Call me at 630-363-4619 with any questions. Grace Frejlach-Grubb

For sale:

I'm selling it for \$1800.

ASK WHINNEY

This is an opportunity for all members, but especially novice drivers, to get input and advice from other members. Each month we will be posting an anonymous question raised by a Hub Club member and asking you, the membership to respond from the deep and vast store of your driving knowledge and experience. So let's go!

QUESTION: I am a new driver and my horse is just trained to drive. What cart should I buy?

ANSWER: There are several options based on budget

Easy entry carts are very popular first time vehicles. There are a number of makers and price levels, but often affordable. They are very light and easy to hitch by yourself (if your horse stands quietly). Some sit quite low to the ground which makes it difficult to see over the horse. Try to get one that seats the driver with their waist about level with the horse's back.

Meadowbrook carts are readily available, affordable and aesthetically attractive vehicles. Entry for the driver is from the back of the vehicle, so the equine must stand quietly while the driver maneuvers the seat out of the way and back down into place. This also means that getting out quickly in an emergency is difficult as well. They seat the driver fairly high so visibility is generally good. For a quiet horse this may be a suitable choice, but not for the nervous/anxious one!

4 wheel marathon vehicles are sturdy, safe vehicles. With the fifth wheel and cut under body style they are almost impossible to jack-knife if the horse backs up. They position the driver high enough to see obstacles. This also means that there is a larger climb to get into one. If you have knee or other physical/advanced age issues, ask to see someone's marathon and try to climb into the driver's seat. They usually have brakes, so the driver can help the green horse on down hill grades slow the vehicle. The price of a good marathon vehicle puts it in a much higher price bracket, generally not the first choice for beginner drivers, but if you can borrow one or find one that needs work and know someone that is handy, it is a good option.

Next Month's Question:

What are the pros (and cons) of riding the same horse you drive? It seems like there are more and more members putting their horses in training and taking riding lessons themselves and I'd like to hear from those people and others about the advantages and disadvantages.
